

WILEY

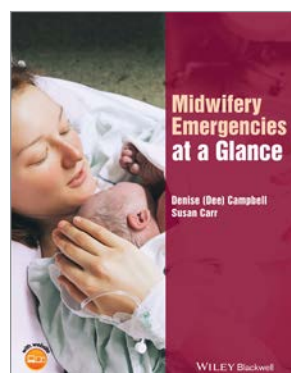

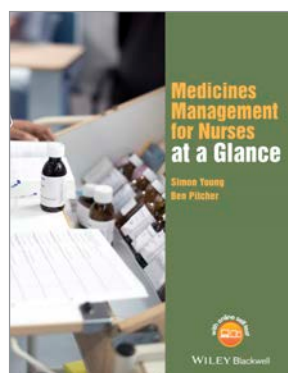

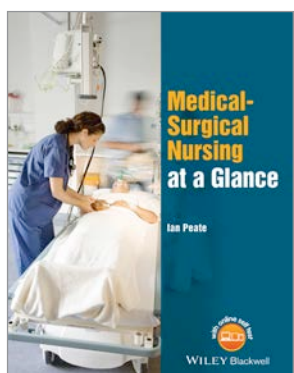

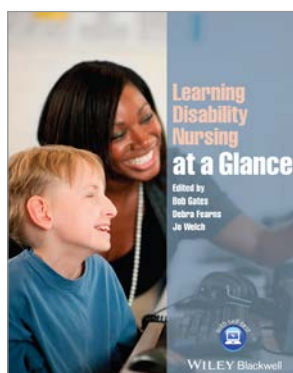

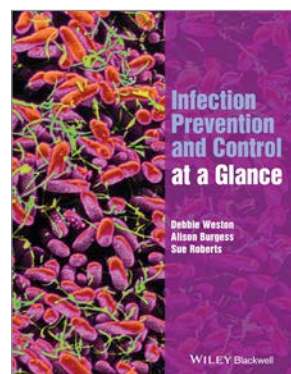

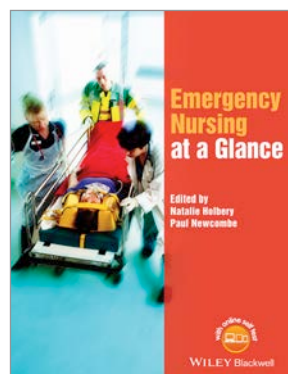

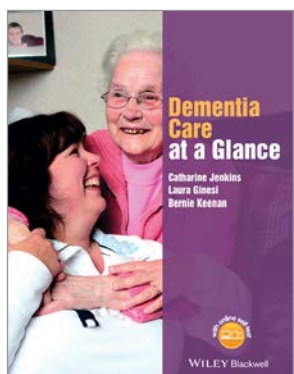

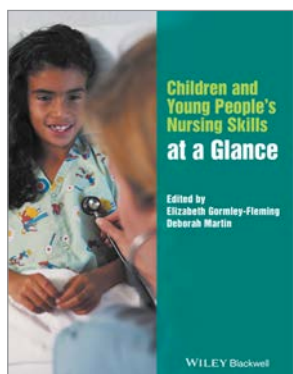

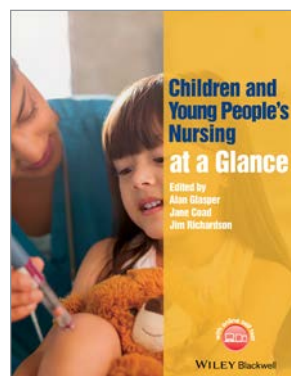

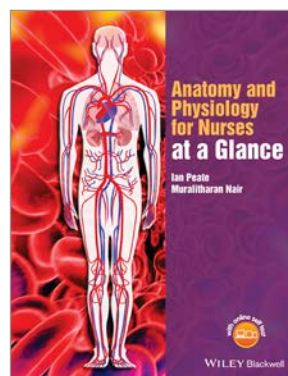

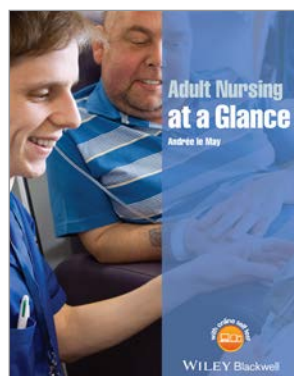

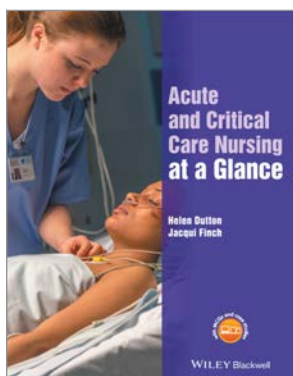

NURSING & MIDWIFERY 2019/2020

New & bestselling titles

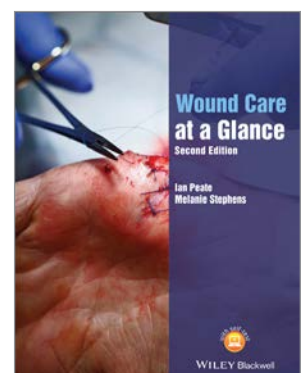

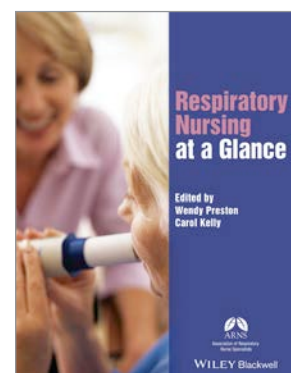

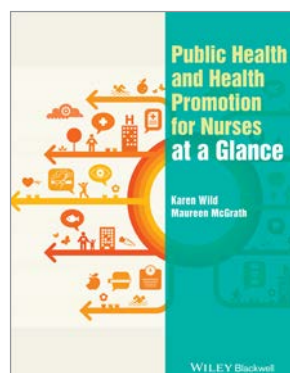

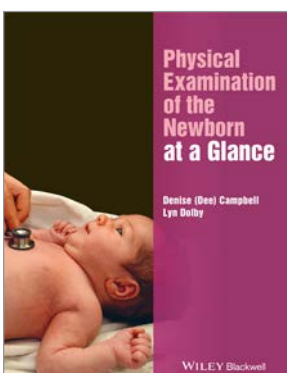

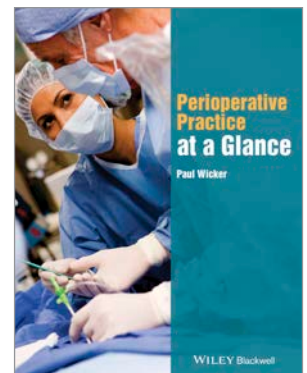

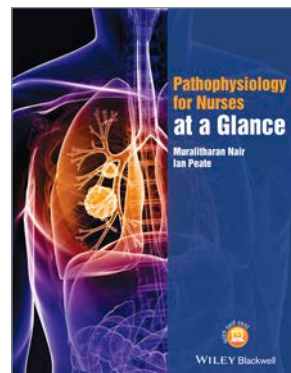

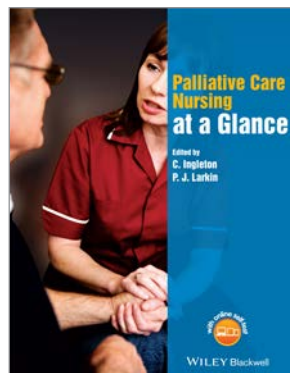

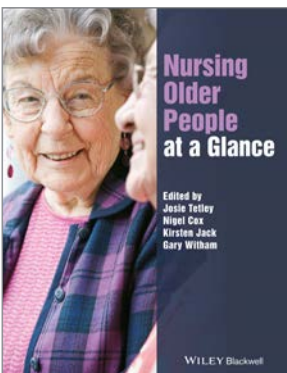

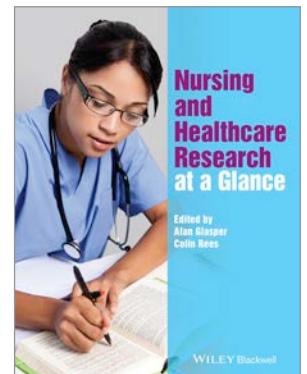

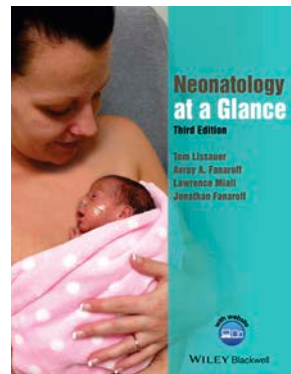

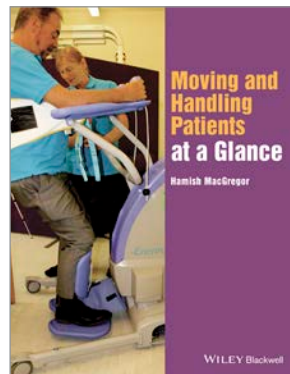

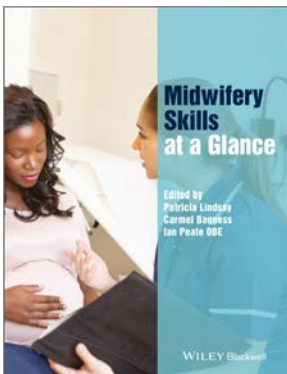

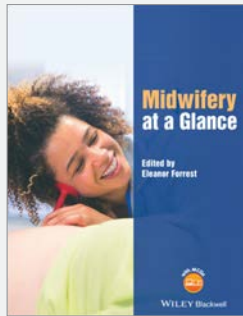

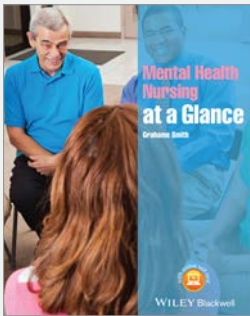

At a Glance series for nursing & healthcare students

The market-leading *at a Glance* series is popular among healthcare students, residents, and newly qualified practitioners for its concise and simple approach and excellent illustrations. Each bite-sized chapter is covered in a double-page spread with clear, easy-to-follow diagrams, supported by succinct explanatory text.

Please contact your local Wiley sales representative to place your orders or for any queries.

At a Glance series for nursing & healthcare students

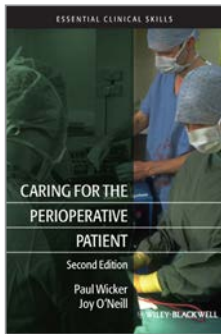

WILEY

Panic plays no part in the training of a nurse.

Acute, Critical & Emergency Care

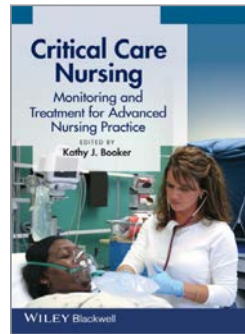

Caring for the Perioperative Patient, 2nd ed

Paul Wicker & Joy O'Neill

Reference | 9781405188500
Apr-10 | PB | 438pp | US\$41.50
Print-on-demand

For nurses, operating department practitioners (ODPs), as well as nursing and ODP students, this updated edition is skills-focused and uses examples of techniques or procedures to illustrate how skills can be applied in perioperative practice.

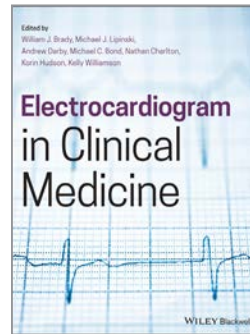

Critical Care Nursing Monitoring and Treatment for Advanced Nursing Practice

Kathy J. Booker

Reference | 9780470958568
Jan-15 | PB | 290pp | US\$64.50

A comprehensive professional reference on a key aspect of critical care nursing, fully evidence-based and covering all body systems as well as end-of-life concerns, traumatic injuries, and overviews of general assessment techniques and the ICU.

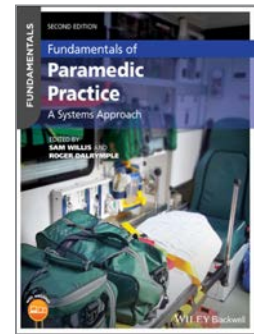

Electrocardiogram in Clinical Medicine

William J. Brady

Reference | 9781118754559
May-20 | PB | 304pp | US\$70.00

A thorough discussion of "the medicine behind the ECG" helps readers gain complete understanding of the disease/conditions most frequently revealed in ECGs recorded in the acute care setting. A companion text to *ECGs for the Emergency Physician* by Dr Brady and Amal Mattu.

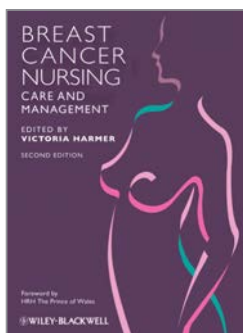

Fundamentals of Paramedic Practice A Systems Approach, 2nd ed

Sam Willis & Roger Dalrymple

Reference | 9781119462958
Sep-19 | PB | 464pp | US\$50.00
Previous ed: 9781118486276
Series: Fundamentals

Contributions from experienced paramedics and clinicians, contemporary case studies, full-colour illustrations and powerful pedagogical tools help students gain a thorough understanding of the essential components of paramedic practice.

Cancer & Palliative Care Nursing

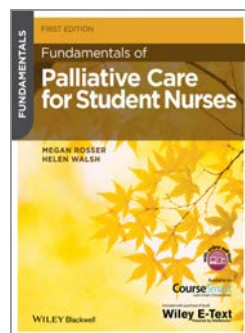

Breast Cancer Nursing Care and Management, 2nd ed

Victoria Harmer & (foreword) HRH The Prince of Wales

Reference | 9781405198660
Dec-10 | PB | 384pp | US\$60.25

This comprehensive handbook is for nurses and other healthcare professionals involved in the care of people with breast cancer. It gives up-to-date evidence-based information and practical advice on nursing care throughout diagnosis, treatment, recovery and end-of-life care.

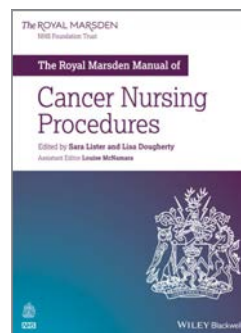

Fundamentals of Palliative Care for Student Nurses

Megan Rosser & Helen Walsh

Reference | 9781118437803
Sep-14 | PB | 304pp | US\$45.75
Series: Fundamentals

A friendly, accessible introduction to the important subject of palliative and end of life care, for student nurses. Based on the latest guidelines and curriculum, it highlights the practical and communicative skills required for induction programs and continuing professional development.

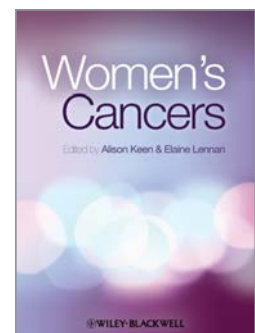

The Royal Marsden Manual of Cancer Nursing Procedures

Sara Lister, Lisa Dougherty & Louise McNamara

Reference | 9781119245186
Sep-18 | PB | 456pp | US\$79.99

From the world-leading centre of excellence in cancer care, this is an oncology-specific manual of evidence-based cancer nursing procedures, rationale, and problem-solving guidance on all aspects of oncology nursing. A definitive resource for those involved in the provision of cancer care and support to patients and their families.

Women's Cancers

Alison Keen & Elaine Lennan

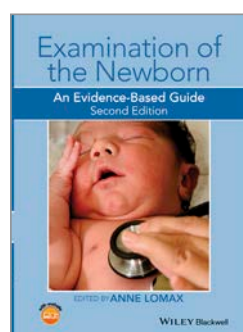

Reference | 9781405188517
Apr-11 | PB | 288pp | US\$69.75

A meaningful and holistic reference for nurses and health care professionals working in cancer care on all aspects of women's cancers, and the large number of difficult and challenging issues patients with breast and gynaecological cancers may face.

Providing woman-centered care and respect for physiologic processes.

Midwifery

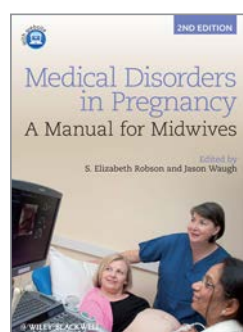

Examination of the Newborn

An Evidence-Based Guide, 3rd ed

Anne Lomax

Reference | 9781119645597
Nov-20 | PB | 300pp | US\$TBA
Previous ed: 9781118913192

A practical guide for students and practitioners to undertake physical examination of neonates safely and competently. Revised and updated throughout, it includes full colour photographs, illustrations, and clinical case studies to illustrate good practice.

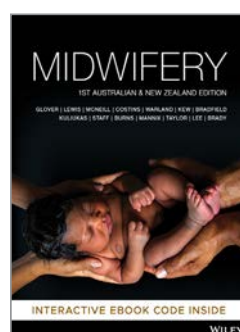

Medical Disorders in Pregnancy

A Manual for Midwives, 2nd ed

S. Elizabeth Robson & Jason Waugh

Reference | 9781444337488
Jan-13 | PB | 390pp | US\$56.25
Previous ed: 9781405151689

An authoritative look at the medical conditions encountered by women during childbirth. The book identifies issues for pre-conception care, defines the condition, explores possible complications, outlines recommended treatment and emphasizes specific midwifery care.

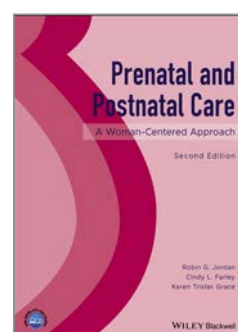

Midwifery

1st Australian and New Zealand Edition

Pauline Glover, Louise Lewis, Liz McNeill, et al.

Textbook | 9780730363231
Aug-18 | PB | 400pp | US\$50.95

Brings together knowledge from clinical experts and experienced academics to present students with the 'must-have' information that they need concerning both the theoretical and practical aspects of what it means to be a midwife.

Prenatal and Postnatal Care

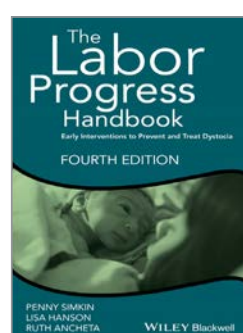

A Woman-Centered Approach, 2nd ed

Robin G. Jordan, Cindy L. Farley & Karen Trister Grace

Reference | 9781119318347
Jun-18 | PB | 816pp | US\$89.99
Previous ed: 9780470960479

Book of the Year Award winner 2015 (American College of Nurse Midwives)

Presents foundational knowledge in anatomy, physiology, culture, and the management of common health problems in the childbearing year.

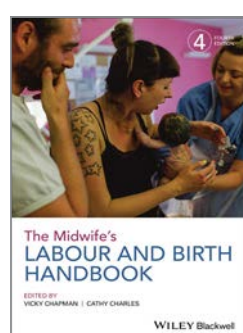

The Labor Progress Handbook

Early Interventions to Prevent and Treat Dystocia, 4th ed

Penny Simkin, Lisa Hanson & Ruth Ancheta

Reference | 9781119170464
Mar-17 | PB | 408pp | US\$51.95
Previous ed: 9781444337716

Widely referred to as 'the gold standard in labor', the 4th edition of this indispensable resource for maternity care practitioners provides practical instruction on low-cost, low-risk interventions to manage and treat dystocia.

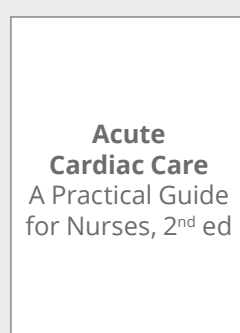

The Midwife's Labour and Birth Handbook, 4th ed

Vicky Chapman & Cathy Charles

Reference | 9781119235118
Dec-17 | PB | 464pp | US\$59.25
Previous ed: 9780470655139

A classic handbook for students and midwives alike, incorporating research, evidence and practical clinical advice. Covers all aspects of care during labour and birth, from obstetric emergencies to the practicalities of perineal repair (including left-hand suturing).

Cardiology Nursing

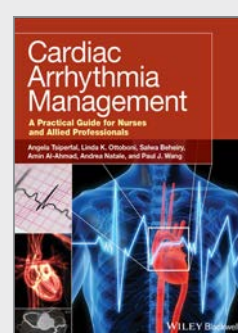

Acute Cardiac Care

A Practical Guide for Nurses, 2nd ed

Angela Kucia & Ian Jones

Reference | 9781119117780
Dec-20 | PB | 344pp | US\$51.95
Previous ed: 9781405163613

A comprehensive, evidence-based and practical guide to the current practice and principles underlying the nursing care of acute cardiac conditions. Edited by leading authorities in the field with a wealth of experience in acute cardiac care and resuscitation.

Cardiac Arrhythmia Management

A Practical Guide for Nurses and Allied Professionals

Angela Tsiperfal, Linda K. Ottoboni, Salwa Beheiry, et al.

Reference | 9780813816678
Mar-11 | PB | 352pp | US\$106.95
Print-on-demand

The book covers cardiac arrhythmia conditions and issues surrounding implantable devices from implant surgery to remote monitoring and troubleshooting.

WILEY

Demonstrating professional nursing practice and core values.

Clinical Practice & Skills

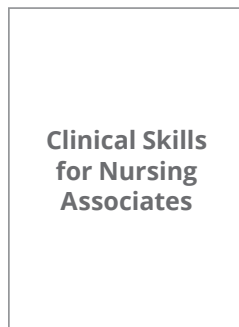

Clinical Skills for Healthcare Assistants and Assistant Practitioners, 2nd ed

Angela Whelan & Elaine Hughes

Reference | 9781118256411
Apr-16 | PB | 368pp | US\$41.50
Previous ed: 9780470510711

An essential handbook to guide Assistant Practitioners and Health Care Assistants in delivering safe and effective patient care. Each chapter covers the rationale behind each skill, anatomy and physiology, step-by-step guidance on how to perform the skill, terminology, and common problems encountered.

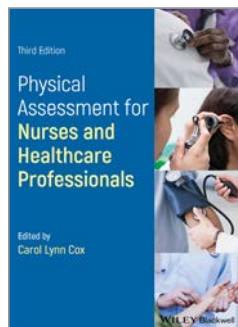

Clinical Skills for Nursing Associates

Ian Peate, OBE

Reference | 9781119642305
Sep-20 | PB | 342pp | US\$34.95

Provides understanding of key clinical practice issues and guides the skill development of nursing students and associates as they will experience when attending to patients on wards, in clinics and in the community.

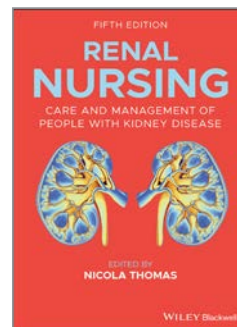

Physical Assessment for Nurses and Healthcare Professionals, 3rd ed

Carol Lynn Cox

Reference | 9781119108979
Jan-19 | PB | 480pp | US\$62.99
Previous ed: 9781405181617

A practical and comprehensive guide to best clinical practice when taking patient history and physical examination. This accessible text is structured in accordance with the competencies for advanced practice in assessment, diagnosis and treatment.

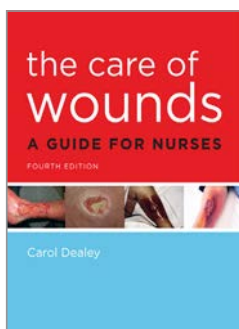

Renal Nursing Care and Management of People with Kidney Disease, 5th ed

Nicola Thomas

Reference | 9781119413141
Jul-19 | PB | 456pp | US\$67.95
Previous ed: 9781118410646

An evidence-based guide to nephrology and kidney care for nurses and allied health care professionals. It examines the stages of chronic kidney disease, pre-dialysis care, acute kidney injury, renal replacement therapy, renal nutrition, renal care in young people and more.

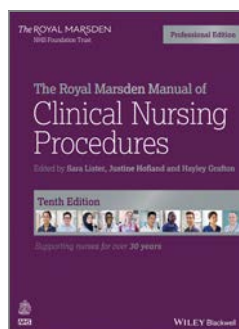

The Care of Wounds A Guide for Nurses, 4th ed

Carol Dealey

Reference | 9781405195690
Mar 12 | PB | 248pp | US\$58.25
Print-on-demand

An established, clinical guide to all aspects of holistic wound management with full colour illustrations throughout.

"This is an excellent text book... I have no reservation in recommending it"
- *Journal of Wound Care*

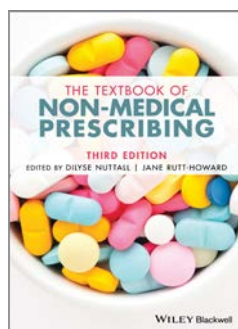

The Royal Marsden Manual of Clinical Nursing Procedures Professional Edition, 10th ed

Sara Lister, Justine Hofland & Hayley Grafton

Reference | 9781119634386
May-20 | PB | 1032pp | US\$64.95
Previous ed: 9781118745922
Also available in Hardback
9781119510970

The market-leading manual of clinical nursing procedures now fully-revised and updated to include the latest evidenced-based research and guidelines for over 200 procedures, along with full colour illustrations and photographs.

The Textbook of Non-Medical Prescribing, 3rd ed

Dilyse Nuttall & Jane Rutt-Howard

Reference | 9781119520474
Sep-19 | PB | 360pp | US\$47.99
Previous ed: 9781118856499

An essential resource for students, nurses, dieticians, pharmacists, and allied health practitioners. Fully updated, this book helps students and trainees develop foundational knowledge of the key areas and prescribing competencies and provides healthcare professionals with a continued source of current information.

Wound Care at a Glance, 2nd ed

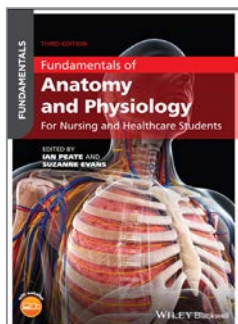

Ian Peate, OBE & Melaine Stephens

Reference | 9781119590507
Nov-19 | PB | 144pp | US\$39.95
Previous ed: 9781118684672
Series: at a Glance

For all nursing & healthcare students and practitioners, this guide takes a visual approach to the subject of wound care and skin integrity, exploring the anatomy and physiology of the skin, acute and chronic wounds, pain management, legal and ethical issues, complexities of practical wound care, and more.

Delivering safe, quality patient-centered care.

Introductions to Nursing

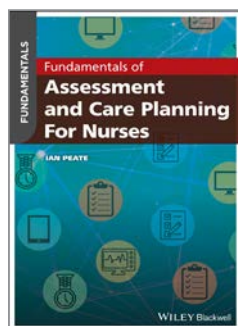

Fundamentals of Anatomy and Physiology

For Nursing and Healthcare Students, 3rd ed

Ian Peate, OBE & Suzanne Evans
Reference | 9781119576488
Sep-20 | PB | 608pp | US\$41.95
Previous ed: 9781119055525
Series: Fundamentals

A succinct but complete overview of the structure and function of the human body, with clinical applications throughout. Designed specifically for nursing and healthcare students.

Fundamentals of Assessment and Care Planning for Nurses

Ian Peate, OBE
Reference | 9781119491750
Aug-19 | PB | 408pp | US\$50.00
Series: Fundamentals

Written by a world-renowned authority, this timely publication adopts a practical approach with the new Nursing & Midwifery Council (NMC) proficiencies at its core, providing guidance and insight into the application of key skills and demonstrating competency in real-life settings.

Fundamentals of Pharmacology

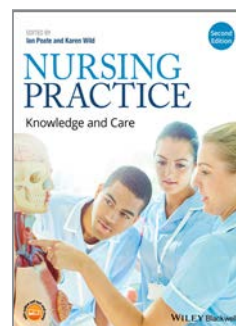

For Nursing & Healthcare Students

Fundamentals of Pharmacology

For Nursing & Healthcare Students

Ian Peate, OBE & Barry Hill
Reference | 9781119594666
Oct-20 | PB | 384pp | US\$31.99

An introductory text for student nurses on pharmacology and calculations in a friendly, informative way. Includes details on adverse drug reactions and interactions, antimicrobials, drugs used in chronic conditions and drugs used in mental health.

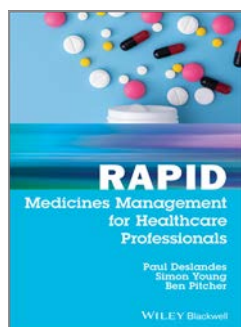

Nursing Practice

Knowledge and Care, 2nd ed

Ian Peate, OBE & Karen Wild
Reference | 9781119237471
Dec-17 | PB | 984pp | US\$58.25
Previous ed: 9781118481363

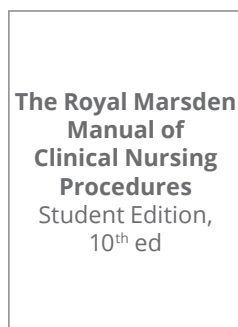

Provides invaluable information to enable not just student nurses, but also those who are qualified and members of the extended nursing family, to develop a deeper understanding of their patients' needs and to ensure that they are practicing safely and effectively.

Rapid Medicines Management for Healthcare Professionals

Paul Deslandes, Simon Young & Ben Pitcher
Reference | 9781119397724
Sep-19 | PB | 312pp | US\$37.50
Series: Rapid

An accessible, easy-to-use reference guide to safe and effective use of medicines in clinical practice. Introducing nursing students and frontline nursing staff to the key principles of pharmacology and medicines management, this book addresses the essential elements encountered in healthcare practice.

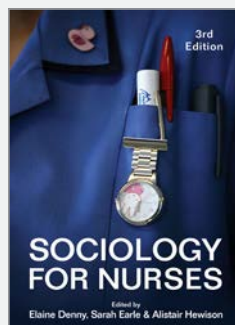

The Royal Marsden Manual of Clinical Nursing Procedures

Student Edition, 10th ed

Sara Lister
Reference | 9781119532965
Nov-20 | PB | 848pp | US\$TBA
Previous ed: 9781118746677

Specially compiled for nursing and health care students undertaking clinical skills modules, on clinical placements, and on courses with integrated clinical skills. This compact and portable student edition is user friendly, has learning features throughout, and includes over 200 must-know key evidence-based procedures.

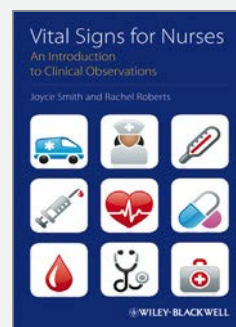

Nursing General

Sociology for Nurses, 3rd ed

Elaine Denny, Sarah Earle & Alistair Hewison
Reference | 9781509505418
May-16 | PB | 384pp | US\$36.25
Previous ed: 9780745646251

A leading textbook that provides jargon-free explanations of sociological theories and evidence of how studying sociology can be useful in all branches of nursing. Covers what sociology is and why it is essential to gain deeper awareness of social issues such as gender, ethnicity and class, and become more familiar with the social contexts of health policy and nursing as a profession.

Vital Signs for Nurses

An Introduction to Clinical Observations

Joyce Smith & Rachel Roberts
Reference | 9781405190381
Aug-11 | PB | 280pp | US\$44.75
Print-on-demand

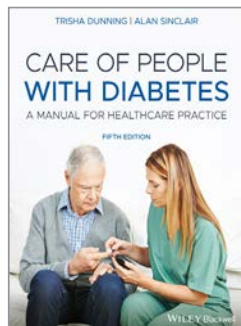

Monitoring, observing and recording the vital signs of patients is a fundamental aspect of delivering quality patient care. An accessible, pocket-sized reference for student nurses and health care assistants exploring how to monitor and assess a patient's vital signs.

WILEY

Caring for people on their weakest moments.

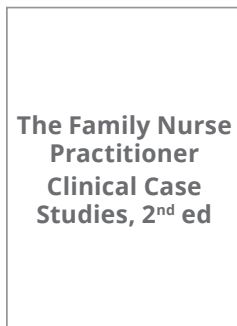

Nursing Special Topics

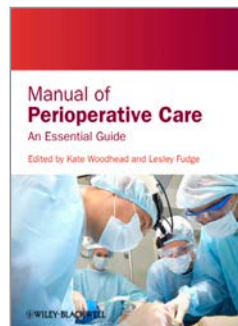

Care of People with Diabetes
A Manual for Healthcare Practice, 5th ed
Trisha Dunning & Alan J. Sinclair
Reference | 9781119520856
Mar-20 | PB | 574pp | US\$60.00
Previous ed: 9780470659199

Fully updated fifth edition of a comprehensive clinical manual for nurses and healthcare professionals. Written by internationally recognised experts in the field, the book covers both theoretical and practical aspects of diabetes care, including acute and long-term complications of the condition.

The Family Nurse Practitioner Clinical Case Studies, 2nd ed
Leslie Neal-Boylan
Reference | 9781119603191
Dec-20 | PB | 400pp | US\$64.95
Previous ed: 9780813811444

A key resource for advanced practice nurses and graduate students seeking to test their skills in assessing, diagnosing, and managing cases in family and primary care. Updated with new cases, the book compiles years of experience from experts in the field.

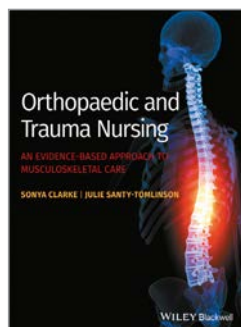

Manual of Perioperative Care: An Essential Guide
Kate Woodhead & Lesley Fudge
Reference | 9780470659182
Sep-12 | PB | 344pp | US\$77.00

A comprehensive manual of principles and practice to support the clinical practice of perioperative practitioners, including nurses and operating department practitioners (ODPs) - who perform scrub, circulating and recovery roles while caring for perioperative patients.

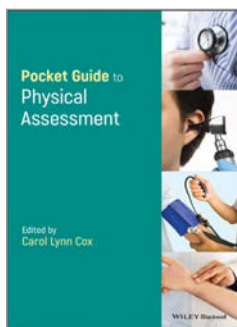

Mental Health Care, 3rd ed
(Print and Interactive E-Text)
Catherine Hungerford, Donna Hodgson, Richard Bostwick, et al
Textbook | 9780730363293
Sep-18 | PB | 520pp | US\$86.95
Previous ed: 9781118644805

Covers the challenges that nursing professionals face and discusses how to effectively help those struggling with mental health issues in a care setting. Includes access to videos with real clinicians and top researchers, and interactive capstone activities to put students to practice in a simulated 'real world' scenario.

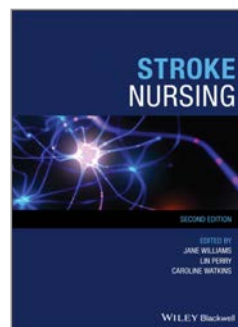

Orthopaedic and Trauma Nursing
An Evidence-based Approach to Musculoskeletal Care
Sonya Clarke & Julie Santy-Tomlinson
Reference | 9781118438855
Jul-14 | PB | 360pp | US\$66.50

A comprehensive, evidence-based manual of orthopaedic and trauma nursing, for practitioners working in orthopaedic and musculoskeletal trauma settings. Focuses on the perspective of the patient with patient narrative and case studies throughout.

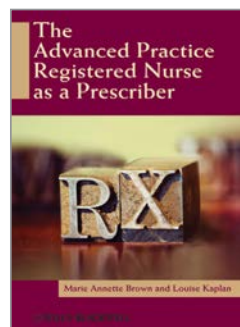

Pocket Guide to Physical Assessment
Carol Lynn Cox
Reference | 9781119108924
May-19 | PB | 408pp | US\$39.00

A concise, quick reference pocket-sized handbook for nurses and allied healthcare professionals. This valuable guide covers topics including cardiovascular, respiratory, neurological and musculoskeletal system examinations, patient interviews and general health assessments.

Stroke Nursing, 2nd ed
Jane Williams, Lin Perry & Caroline Watkins
Reference | 9781119111450
Mar-19 | PB | 392pp | US\$65.95
Previous ed: 9781405161046

Practical guidance - for students of nursing and neuroscience, practicing nurses and healthcare professionals caring for stroke patients - on the essential areas of stroke nursing including stroke classification, thrombolysis and thrombectomy, rehabilitation and recovery, nutrition and oral care, palliative and long-term care, physical impairment management, and more.

The Advanced Practice Registered Nurse as a Prescriber
Marie Annette Brown & Louise Kaplan
Reference | 9780813805245
Feb-12 | PB | 284pp | US\$60.25
Print-on-demand

Provides practicing APRNs and students information necessary to make fully informed, rational and ethical decisions as prescribers - including the role of the APRN prescriber, handling unique situations, influence of pharmaceutical marketing, legal aspects, building cultural competence, and more.

Promoting the optimal health of children.

Nursing Children & Young People

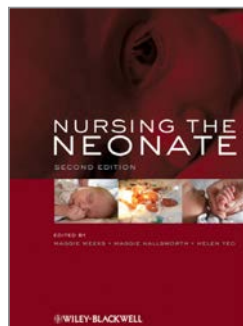

Nursing Care of Children and Young People with Chronic Illness, 2nd ed

Nursing Care of Children and Young People with Chronic Illness, 2nd ed

Mandy Brimble

Reference | 9781119653110
Oct-20 | PB | 308pp | US\$TBA
Previous ed: 9781405144025

Addresses the aetiology of chronic illness, the impact on the child's family, holistic approaches to caring for their social, physical and psychological needs, and highlights the importance of the nurse's role in promoting children and their parents as 'expert patients'.

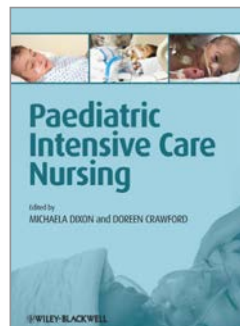

Nursing the Neonate, 2nd ed

Maggie Meeks, Maggie Hallsworth & Helen Yeo

Reference | 9781405149747
Nov-09 | PB | 376pp | US\$60.25
Previous ed: 9780632050499
Print-on-demand

Written by a multidisciplinary team of medical and nursing experts, this fully-updated edition provides evidence-based coverage of all frequently seen neonatal conditions, including guidelines for procedure and best practices. An essential resource for neonatal nursing and midwifery students, as well as practicing neonatal nurses.

Paediatric Intensive Care Nursing

Michaela Dixon & Doreen Crawford

Reference | 9781405199360
Oct 12 | PB | 424pp | US\$63.50

A comprehensive, highly illustrated text on paediatric intensive care nursing - written by a team of experts in the field - providing evidence-based and up-to date reference of policies, practices, and procedures in children's critical care.

The Great Ormond Street Hospital Manual of Clinical Children and Young People's

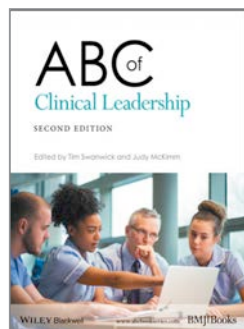

The Great Ormond Street Hospital Manual of Clinical Children and Young People's Nursing Practices, 2nd ed

Susan Macqueen

Reference | 9781118898222
Sep-20 | PB | 792pp | US\$61.99
Previous ed: 9781405109321

A definitive guide to clinical skills procedures which enables nurses working with children and young people to practice confidently and deliver clinically effective family-centred care. Includes new chapters, colour photographs and illustrations throughout.

Nursing Management & Leadership

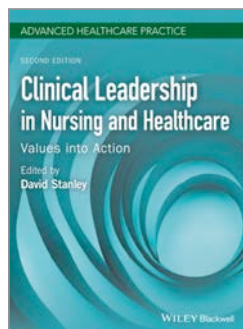

ABC of Clinical Leadership, 2nd ed

Tim Swanwick & Judy McKimm

Reference | 9781119134312
Jan-17 | PB | 98pp | US\$41.50
Previous ed: 9781405198172

Helps healthcare professionals develop the knowledge and competencies required to plan, deliver and transform health services and to improve patient outcomes. Fully updated to reflect recent developments in the field and international examples to reflect global practices.

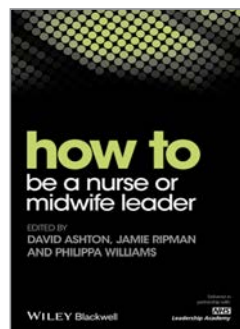

Clinical Leadership in Nursing and Healthcare

Values into Action, 2nd ed

David Stanley

Reference | 9781119253761
Nov-16 | PB | 392pp | US\$58.25

A practical guide to clinical leadership, covering the principles, frameworks, tools and topics that support nurses and healthcare professionals to develop their clinical leadership potential, and deliver effective and compassionate patient care.

How to be a Nurse or Midwife Leader

David Ashton, Jamie Ripman & Philippa Williams

Reference | 9781119186991
Dec-16 | PB | 232pp | US\$41.50

An indispensable guide for all nurses and midwives who wish to develop and improve their practice as leaders. Written in collaboration with the NHS Leadership Academy, it draws on the real experience of over 10,000 nurses and midwives to bring leadership dilemmas to life.

Kelly's Nursing Leadership and Management, 4th ed

Kelly's Nursing Leadership and Management, 4th ed

Patricia J. Kelly & Janice Tazbir

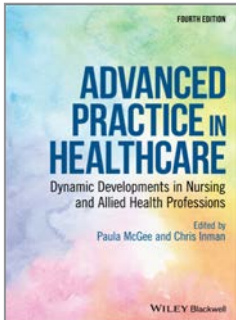

Reference | 9781119596615
Oct-20 | PB | 776pp | US\$121.95
Previous ed: 9781111306687

Through coverage of key topics such as teamwork, population-based health care, evidence-based practice, informatics, ethics, culture, and organizational change, students and beginning nurses are given a framework for understanding how they can become leaders and make a difference within the vast healthcare system.

WILEY

A foundation of lifelong learning.

Nursing Education & Professional Development

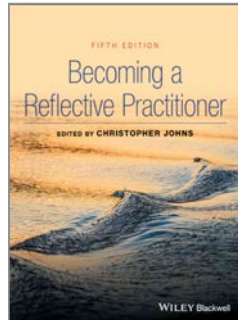

Advanced Practice in Healthcare

Dynamic Developments in Nursing and Allied Health Professions, 4th ed

Paula McGee & Chris Inman

Reference | 9781119439097
Jul-19 | PB | 312pp | US\$55.00
Previous ed: 9781405162395

Thoroughly updated and expanded throughout, this new edition examines the development and diversity of advanced practice within nursing and the allied health professions around the globe, and is designed for all students, practitioners, managers and researchers of advanced practice in healthcare.

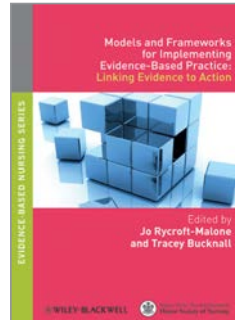

Becoming a Reflective Practitioner, 5th ed

Christopher Johns

Reference | 9781119193920
May-17 | PB | 370pp | US\$58.25
Previous ed: 9780470674260

Fully updated, this seminal text provides an in-depth guide to reflection and unique insight into reflective practice. It explores the value of various models, up-to-date literature and a range of case studies to demonstrate its application to real-life practice.

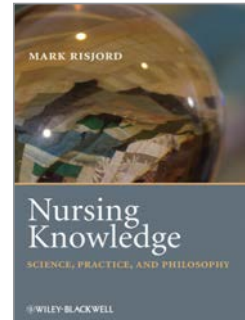

Models and Frameworks for Implementing Evidence-Based Practice: Linking Evidence to Action

Jo Rycroft-Malone & Tracey Bucknall

Reference | 9781405175944
Apr-10 | PB | 286pp | US\$63.50

Focuses on implementing evidence-based practice in nursing and looks at ways of implementing evidence gained through research, factors that influence successful implementation, and help nurses make decisions about the appropriateness of using various models and frameworks.

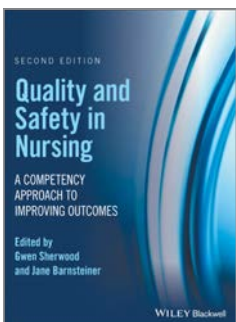

Nursing Knowledge: Science, Practice, and Philosophy

Mark Risjord

Reference | 9781405184342
Nov-09 | PB | 264pp | US\$60.25
Print-on-demand

Nursing Knowledge is a clear and well-informed exposition of the philosophical background to nursing theory and research. It examines the history of the philosophical debates within nursing, critiques the arguments, explains the implications and sets out to rethink the philosophical foundation of nursing science.

Nursing Theory & Research

Quality and Safety in Nursing

A Competency Approach to Improving Outcomes, 2nd ed

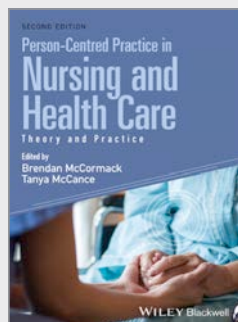

Gwen Sherwood & Jane Barnsteiner

Reference | 9781119151678

Feb-17 | PB | 424pp | US\$73.75

Previous ed: 9780470959589

This ground-breaking unique text addresses the challenges of preparing future nurses with the knowledge, skills, and attitudes (KSAs) necessary to continuously improve the health care system in which they practice.

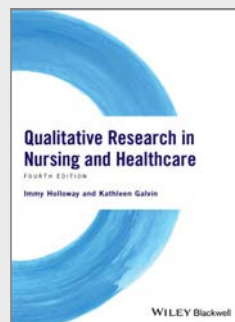

Person-Centred Practice in Nursing and Health Care: Theory and Practice, 2nd ed

Brendan McCormack & Tanya McCance

Reference | 9781118990568
Jun-16 | PB | 286pp | US\$50.00
Previous ed: 9781405171137

A practice resource that covers a variety of different health care settings and contexts. It looks at the importance of person-centred nursing (PCN) from practice, strategic, and policy angles, and explores how the principles of PCN underpin a variety of perspectives, including within leadership and in the curriculum.

Qualitative Research in Nursing and Healthcare, 4th ed

Immy Holloway & Kathleen Galvin

Reference | 9781118874493
Aug-16 | PB | 376pp | US\$50.00
Previous ed: 9781405161220
Print-on-demand title

A fully updated new edition of a successful textbook on this important area of research. With applied and practical examples throughout, it is aimed at those who carry out qualitative research in clinical or educational settings, in the healthcare arena.

The Research Process in Nursing, 7th ed

Kate Gerrish, Judith Lathlean & Desmond Cormack

Reference | 9781118522585
Feb-15 | PB | 632pp | US\$54.00
Previous ed: 9781405190480

Comprehensive and thorough in scope, this established textbook reflects the significant advances in nursing research, the importance of evidence-based practice, and provides an invaluable resource for both the novice and the more experienced researcher.
