

A COMPANION TO U.S. FOREIGN RELATIONS

COLONIAL ERA TO THE PRESENT

EDITED BY CHRISTOPHER R. W. DIETRICH

9781119166108 • Hardcover • March 2020 • \$425.95

Covers the entire range of the history of U.S. foreign relations from the colonial period to the beginning of the 21st century.

This two-volume reference work presents a collection of historiographical essays by prominent scholars. The essays explore three centuries of America's global interactions and the ways U.S. foreign policies have been analyzed and interpreted over time. Scholars offer fresh perspectives on the history of U.S. foreign relations; analyze the causes, influences, and consequences of major foreign policy decisions; and address contemporary debates surrounding the practice of American power.

The *Companion* covers a wide variety of methodologies, integrating political, military, economic, social and cultural history to explore the ideas and events that shaped U.S. diplomacy and foreign relations and continue to influence national identity. The essays discuss topics such as the links between U.S. foreign relations and the study of ideology, race, gender, and religion; Native

American history, expansion, and imperialism; industrialization and modernization; domestic and international politics; and the United States' role in decolonization, globalization, and the Cold War.

ABOUT THE EDITOR

Christopher R. W. Dietrich is Associate Professor of History and Director of American Studies at Fordham University. The author of *Oil Revolution* (2017), he specializes in the history of U.S. foreign relations, intellectual history, the history of decolonization, and the history of capitalism. Professor Dietrich has won fellowships and awards from the National History Center, the Woodrow Wilson Foundation, the Society for Historians of American Foreign Relations, and the American Historical Association.
