

Architectural Design series

Founded in 1930, Architectural Design (AD) is an influential and prestigious publication. It combines the currency and topicality of a newsstand journal with the rigour and production qualities of a book. With an almost unrivalled reputation worldwide, it is consistently at the forefront of cultural thought and design. Each title of AD is presented as a thematic volume edited by an invited guest-editor, who is an international expert in their field. Renowned for being at the leading edge of design and new technologies, AD also covers topics as diverse as: architectural history and theory, the environment, interior design, landscape architecture and urban design.
