The **next generation of WileyPLUS**, a new way to teach and learn.

It gives you the freedom and flexibility to tailor curated content and easily manage your course in order to keep students engaged and on track.

Starting with Wiley's quality curated content, you can customize your course by hiding or rearranging learning objectives, setting the pacing of content, and even integrating videos, files, or links to relevant material. The easy-to-use, intuitive interface saves you time getting started, managing day-to-day class activities, and helping individual students stay on track.

INTEGRATED

While the New WileyPLUS can be used on its own, Canvas users will have a seamless LMS experience by simply importing their natively built course from Canvas Commons or through a zip file. Blackboard, D2L, and Moodle users will also be able to integrate their New WileyPLUS courses soon.

MOBILE

For iOS and Android users, the student, instructor, and eTextbook apps make teaching, learning, and grading possible from anywhere. The eTextbook, videos, animation, and questions are responsive so students can study from any device.

ACCESSIBLE

You can assign and create content without fear of students falling through the cracks. All content and questions have gone through an accessibility audit—and anything that doesn't meet standards is flagged so that you're in control.

Introducing **WileyPLUS**

1

Do you need your students to engage with their class?

2

Do they appear overwhelmed by the material?

3

Do they want a proven way to dramatically improve their grades?

If the answer to any of these questions is yes, it's time to take a look at WileyPLUS!

WileyPLUS is a research based online environment for effective teaching and learning. WileyPLUS builds students' confidence because it takes the guesswork out of studying by providing a clear roadmap; what to do, how to do it, if they did it right. With WileyPLUS, students take more initiative so you'll have a greater positive impact.

Also available with...

WileyPLUS with ORION

A personalised, adaptive learning experience

Based on cognitive science, WileyPLUS with ORION provides students with a personal, adaptive learning experience so they can build the proficiency on topics and use their study time most effectively.

ORION helps students learn by learning about them.
