In *The Handbook of Conflict and Peace Communication*, renowned communication and media scholar Dr. Sudeshna Roy delivers an insightful and interdisciplinary examination of global conflicts and peace communication, offering readers an in-depth exploration of the intricate and often intractable nature of conflict.

This authoritative collection of essays brings together outstanding scholars, practitioners, and activists to explore the communicative dimensions of conflict and the transformative potential of peace communication. The author navigates both classic and contemporary perspectives, providing a comprehensive framework for analyzing and addressing conflict through workable communication strategies relevant to today's conflicts.

Divided into five structured sections—**Theory Development, Method Development, Traditional/Digital Media Media and Peace and Conflict, Case Studies, and Innovative Approaches**—this resource equips readers with the latest tools to critically engage with peace and conflict communication in local and global contexts.

A foundational resource for undergraduate and graduate students, scholars, and practitioners in peace and conflict studies, *The Handbook of Conflict and Peace Communication* will also earn a place in the libraries of interdisciplinary studies involving philosophy, anthropology, political science, history, geography, economics, psychology, and more.
